Texas Tech University Brings the Human Resources Management
Certificate Program to Fredericksburg

Texas Tech University (TTU) at Fredericksburg will host the Human Resource Management Certificate program at the Hill Country University Center (HCUC) with classes beginning in February. The center is located at 2818 E. US Hwy. 290, Fredericksburg. The deadline for applying for this program is Friday, January 28, 2011.

This program is offered through a partnership between Texas Tech University's University College Outreach and the Society for Human Resource Management (SHRM), a worldwide organization for professionals in all disciplines of human resources.

The total cost of the program is \$1,295. National or local SHRM members are eligible for a \$100 discount. The program is best suited for professionals in the human resource field, but could also be beneficial for supervisors, accountants and attorneys if they work with human resources issues.

Professionals who register for the program will be required to complete 40 hours of coursework that represent six key components of human resource management. Individuals who successfully complete required coursework and testing will receive a certificate in human resources management and will be better prepared to take national certification exams in the discipline.

Required class meetings will be held at the Texas Tech University classrooms at HCUC in Fredericksburg on two Fridays each month, from 9 a.m. to 5 p.m. during February, March and April, 2011. Instruction will be delivered via Interactive Video Conferencing. Use of this technology allows area students to benefit from programs on the main campus without leaving Fredericksburg.

Topics covered in the program include "Strategic Management" and "Occupational Health, Safety and Security" among others. Courses are taught by leading professionals in the human resources field representing businesses that include United Supermarkets, LLC and the American Bank of Commerce.

Prospective students are encouraged to register online by January 28, 2011 or learn more about the program by visiting www.uc.ttu.edu or by calling 806.742.7202, ext. 270.

Texas Tech University's University College, which includes the off-campus sites in Fredericksburg, Marble Falls, and Junction, offers more than 40 online and off-campus degree and certificate programs. Area residents are encouraged to take advantage of this valuable program by enrolling today.
